## DETAILED ACTION

### ***Allowable Subject Matter***

1. Claims 1-25 are allowed. The following is an examiner's statement of reasons for allowance: the prior art of record (Sostak US2004/0043707) teaches a device that communicates with a central computer (a server) periodically sends a message to the central computer and receives a response to the message from the central computer (see page 1, paragraph 0010).

The present application in particular teaches processor programmed to control operation of the transmitter and receiver and to periodically power down the transmitter and receiver for selected time intervals at a period corresponding to the selected period of audio or video information. These limitation , in conjunction with all other limitations, has not been disclosed , or made obvious over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
